

Experiment 1:

Build a responsive web application for shopping cart with registration, login, catalog and cart pages using CSS3 features, flexbox and grid.

Objective: Design the full storefront and user flow with modern responsive CSS.

Tools : HTML, CSS3, Flexbox, Grid

Outcome: A responsive e-commerce demo with registration, login, catalog, and cart pages.

Project Files

...

- |— index.html # Home page with features
- |— register.html # User registration page
- |— login.html # User login page
- |— catalog.html # Product catalog page
- |— cart.html # Shopping cart page
- |— styles.css # Main CSS (Flexbox & Grid)
- |— script.js # JavaScript cart functions
